Mes connaissances des tables de multiplication

Prénom : .....

Je m'entraîne à retrouver aussi rapidement que possible les résultats des tables de multiplication. Lorsque je veux être évalué, je confie cette fiche à un camarade ou à un parent qui me demandera le résultat de multiplications dans un ordre aléatoire, par série de 10 ou de 20. Il indique aussitôt mon résultat, en face de l'opération donnée :

SI TU REUSSIS A FAIRE UNE SERIE DE 4 RONDS VERTS, CELA SIGNIFIE QUE TU CONNAIS PARFAITEMENT LE CALCUL.

- ❍ *rouge* : si je n'ai pas donné le résultat exact ;
- ❍ *orange* : si j'ai trouvé, mais pas spontanément ;
- ❍ *vert* : si j'ai pu donner immédiatement le résultat.
